

Junior League of Olympia presents: *The Kids On The Block*

Viewing a **Kids On The Block** performance is an unforgettable educational experience. Our large, colorful puppets vividly and effectively model relationships between people, both with and without disabilities, by using direct and often humorous communication of facts and feelings between the puppet characters and the audience. **The Kids On The Block** topics currently include Bullying, Divorce, and Cerebral Palsy. We have successfully performed for over 20,000 children in Thurston County Schools since 1990.

Dear Kids On The Block,

I learned that bullying is not ok. If a bully came up to me I would say hey bullying is not aloud here and I would walk away. If they do it again. My mom told me not ever to bully ever again

Dear, Kids on the Block,

Thank you for teaching us how to be nice and my favorite character was the dog he was so cute and his long hair. You are so good at puppets I wonder how you learned that because when I grow up I want to be as good as you because I want to be a puppeteer to.

"Being a member of The Kids On The Block is a very satisfying & fun experience! We are able to directly affect many children during each of our shows. Knowing that we are making a difference in local schools was well worth the hard work and training. After 7 years, I still love it!"
Jeanne Trantum

Dear Kids On The Block,
Thank you for coming to Garfield to show us strategies to help us stop bullying. This is my strategie to help my friend or some other person stand-up for themselves. I would say: Would you like somebody to treat you the way you treat somebody else? Once again Thank you for coming, and we hope to see you soon.

Sincerely,
your audience,
